Getting Started with FlutterFlow

Follow the steps below to start your journey with **FlutterFlow**.

Step 1: Open FlutterFlow

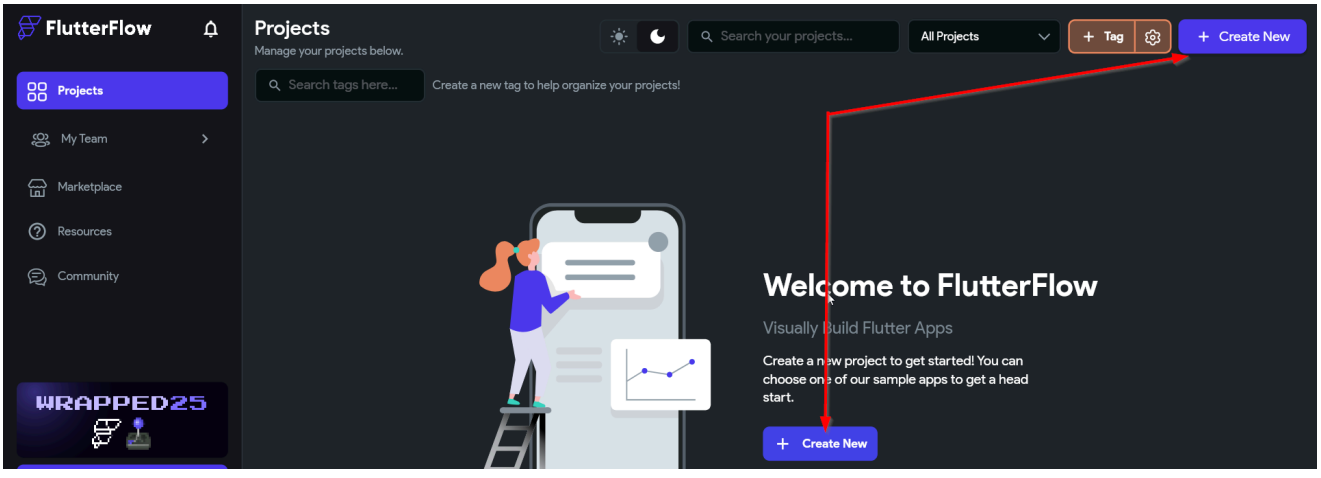

Go to the following link to get started:
https://app.flutterflow.io/create-account

Create an account or log in.
You can **skip or close all tutorials/onboarding pop-ups**.

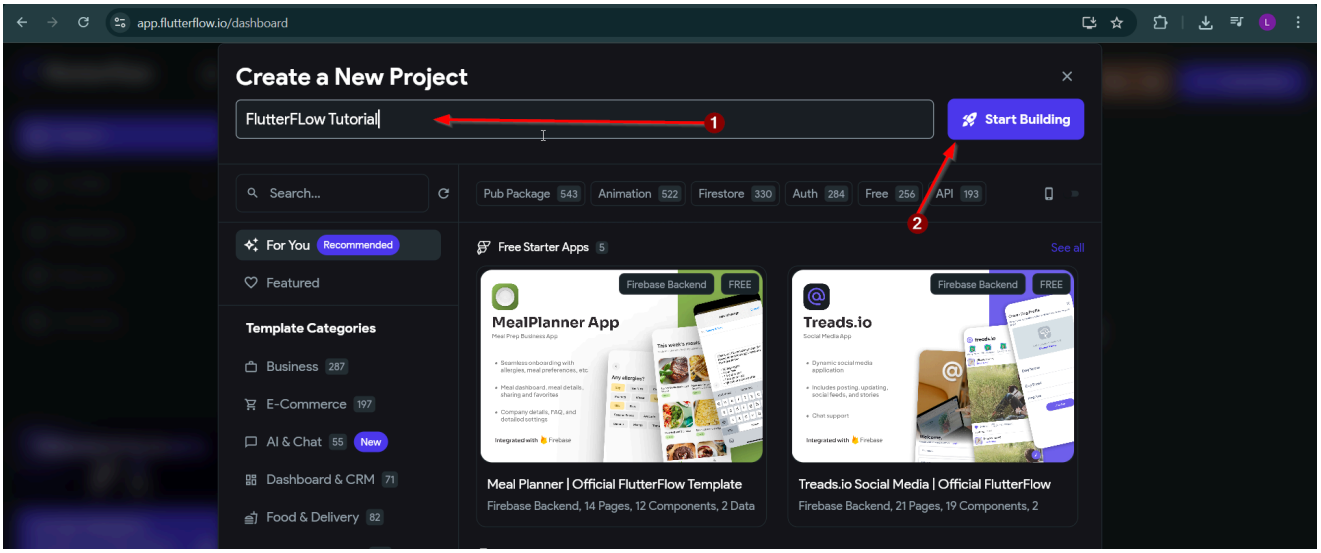

If you are not on the dashboard, click the option shown to reach the **Dashboard**.

Step 2: Go to Dashboard

Once on the dashboard, click on **Create New**.

Step 3: Create a New Project

1. Enter your **Project Name**
2. Click on **Start Building**
